

Fairview New Homes' consultation on new homes for Brentford.

ABOUT FAIRVIEW NEW HOMES

FAIRVIEW SPECIALISES IN COMPLEX SITES THAT ARE IN NEED OF REGENERATION.

Fairview has a strong building record across London, which appeals to people at various stages of their lives. We build homes for first-time buyers looking to get on the housing ladder, young families that are hoping to grow and those looking to downsize.

All of our developments are managed to a high standard, but are not subject to extremely high service charges to pay for amenities that only residents can access. This will help ensure that homes in Brentford can continue to serve those who grew up, live and work in the area.

In addition to ensuring that our service charges are affordable, we also work hard to provide as much affordable housing as possible, creating mixed communities and ensuring that we are working with the community to help solve the housing crisis.
